We can help you. We require a \$5,000 deposit retainer. This is not a legal retainer and consulting and research, not legal services are being provided. Let me know how you would like to make payment and we can advise/help. Thanks.

**PRIVILEGED AND CONFIDENTIAL**

Ben,

Thanks again for making yourself available earlier today. As we discussed, Jones Walker is regulatory counsel for the Fieldwood entities in Fieldwood's Chapter 11 bankruptcy proceeding pending in federal bankruptcy court in Houston. We need to analyze and brief issues concerning the determination of the "adjacent State" for purposes of the OCSLA (43 USC 1333(a)(2)(A)), presumably under the four-part test for making that determination established by the Fifth Circuit in *Snyder Oil Corp. v. Samedan Oil Corp.*, 208 F.3d 521 (5<sup>th</sup> Cir. 2000). Examples of lower courts applying that test can be found in the attached rulings by Magistrate Judge Palermo in *TOTAL v. Marubeni* and by Judge Gray in *Danos & Curole v. BP*.

The GOM assets at issue are the following (I need to check to see if any of these assets is comprised of more than only the single blocks identified below):

- Katmai – GC 39
- Gunflint – MC 948
- Swordfish – VK 962
- Genovesa – MC 519

We are interested in developing the type of information reviewed by the court in the *TOTAL* and *Danos* decisions, as well as any other potentially relevant information you might turn up. Thank you.

JAH
